

Durham District School Board

Summer Learning Institutes

August 15 - 25, 2016

*REGISTRATION: Visit PD PLACE at <https://pdplace.ddsb.ca>
(Additional information also available on the DDSB website at <http://www.ddsb.ca>
or staff portal at <http://portal.ddsb.ca>)*

Registration begins: June 17, 2016 Registration deadline is July 17, 2016

Durham District School Board

Summer Learning Institutes - August 15 - 25, 2016

REGISTRATION FORM & DETAILS

Registration begins: June 17, 2016 - Registration deadline: July 15, 2016

Registrations for ALL Summer Institute Courses are available on PD PLACE @
<https://pdplace.ddsbc.ca>

REGISTRATION PROCEDURE: (please follow steps 1 & 2)

Step 1: REGISTER on PD Place – **You MUST also complete the registration form below for ALL Institutes** and return with payment to Staff Development. Payments cannot be made through PD Place.

Step 2: CONFIRMATION OF REGISTRATION: **If there is a fee - "Payment must be received along with your completed registration form"** in order to change your status on PD Place from Pending to Attending. Confirmation of your registration will be sent via email once your registration form and payment have been received. **Payment must be received no later than July 22nd, 2016 or you will be removed from the course registration. In order to re-register you must contact Staff Development.**

CHANGES TO YOUR REGISTRATION: Please notify Staff Development by email, fax or phone of any changes or additions to your registration so we may update our records.

PLEASE NOTE: There will be **NO REFUNDS** unless your course has been cancelled.

- ◆ **COURSE CANCELLATIONS:** will be determined by July 29, no refunds after this date. You will receive notification via email. Please also [check your email and "My Page" on PD Place](#) regularly for any updates/notifications.
- ◆ **LOCATION:** Durham District School Board, Education Centre (room numbers will be posted in the atrium). School or alternate locations will be posted on PD Place and in the PDF Overview available on the DDSB Internet/Intranet.
- ◆ **TIME:** Full Day Sessions - 8:30 a.m. to 2:00 p.m., ½ Day Sessions – 8:30 a.m. to 11:00 a.m. or 11:30 am – 2:00 pm (some exceptions will apply - please check for time differences in the session descriptors.)
- ◆ **INSTITUTE FEES:** Fees will apply to the majority of institutes - (exceptions are noted in session descriptors)
- ◆ **REFRESHMENTS:** Morning coffee and muffins will be available for participants at the Education Centre. The DDSB cafeteria will be open daily for your convenience.

"Orange Allergy Alert"

*Due to a severe allergy the Durham District School Board is an
"Orange Free Zone"*

YOUR SUMMER LEARNING INSTITUTE CONTACTS:

Bias Free Interviewing for Administrators - FULL DAY

1 DAY INSTITUTE - DDSB ADMINISTRATORS ONLY - NO CHARGE
Time: 8:30 am - 2:00 pm

This workshop is mandatory for all administrators.

All Principals and Vice Principals are required to complete this session within the next 3 years. This full day workshop will provide an intensive, practical training session for school administrators in interviewing skills and techniques. We will explore biases and how to lessen their impact on the process of hiring.

We will discuss:

- understand the impact biases have on how you interview and hire,
- identify and address biases in the hiring practice
- create an equitable interview process by using various interviewing techniques and skills
- understand the implications of Regulation 274 on the interview and hiring process

BMS Basic Training - FULL DAY

1 DAY INSTITUTE - DDSB EMPLOYEES ONLY - NO CHARGE

Time: 8:30 am - 3:30 pm ** Please note finish time. **

* Please wear comfortable, unrestrictive clothing and running shoes.

Behaviour Management Systems is a course developed to ensure a respectful learning environment at school. It provides training and support systems for enhancing desirable behaviour and for understanding, preventing and coping with undesirable behaviour.

It emphasizes prevention on inappropriate and disruptive behaviour through awareness of factors affecting behaviour, recognition of early warning signs, and the use of calming / de-escalation techniques, but also teaches safe physical intervention methods for the rare instances when they are required.

You will receive a certificate that you are certified on successful completion of the course.

In-service# 21886

Instructor(s): Ryan Pittman, Chris Scott

CODING (STEM/STEAM) - AM

1/2 DAY AM INSTITUTE - DDSB / PUBLIC - NO CHARGE

Time: AM 8:30 am - 11:00 am

The mobility of tools and Apps for learning, business, enterprise and health, to name a few, has soared globally in the past five years with the increased use of tablets and smartphones. These digital platforms provide students innovative means to connect to subject matter and demonstrate knowledge, and solutions, in exciting and relevant ways.

Here's what you'll experience:

Discover simple and intuitive coding tools that provide students with deeper, more meaningful ways to apply their learning.

You will participate in what it's like to be a student in an STEM/STEAM classroom through innovative, hands-on activities. With iPad, Apps build and deliver engaging learning opportunities where students can be curious, collaborative, creative, and challenged.

You will work with an Apple Education Development Executive who began his teaching career in Ontario. Before joining Apple's Education team, he taught elementary, secondary and outdoor education. He has been coordinator of academic technology, school administrator and Director of IT. His educational career has allowed him to live/work and consult around the globe.

Kurzweil and Word Q (AT ILP) - AM

1/2 DAY AM INSTITUTE - DDSB - \$40.00 / PUBLIC \$50.00
Time: AM 8:30 am - 11:00 am

This session will focus on the features of Kurzweil 3000, and review some of the most commonly used features of the program including: managing files, scanning, highlighting, extracting highlights and adding text notes and voice notes.

Participants will also learn how to use Word Q 3 in collaboration with Kurzweil to further assist students with their writing skills.

In-service# 21902

Instructor(s): Rebecca Kuruliak

Target Group(s): Grade 3 Teachers, Grades 4 to 6 Teachers, Grades 7 & 8 Teachers, Grades 9 & 10 Teachers

Monday, August 22, 2106 8:30 AM 11:00 AM Education Centre, Whitby

Let's Do The Math - 2 DAY

2 DAY INSTITUTE - DDSB \$100.00 / PUBLIC \$175.00
Time: 8:30 am - 2:00 pm (each day)

Session Goals

Participants will:

Day 1 AM

- learn how understanding more about brain theory and number talks are effective ways to promote a growth mindset
- enhance their understanding and use of rich tasks and descriptive feedback

Day 1 PM

- learn a range of mathematical strategies involving fractions (with a focus on the area model for all four operations) and a structural approach to teaching patterning and algebra
- develop their own pedagogical content knowledge through "doing" the math from a constructivist approach

Day 2 AM

- learn how to create and embed 3-Act math tasks as part of the comprehensive math classroom

Day 2 PM

- investigate effective technological knowledge (SMART Notebook, simulations, other engaging on-line resources that support inquiry).

Liability and Risk Management 101 - PM

1/2 DAY PM INSTITUTE - DDSB ADMINISTRATORS ONLY - NO CHARGE

Time: PM 11:30 am - 2:00 pm

Guest Presenters: Don McNamee, Apple Development Executive

School boards face many risks in their day-to-day operations, ranging from student injuries from sports or school activities, fund raising activities or community groups using school facilities.

This workshop provides an overview of the Liability insurance coverage provided to OSBIE member school boards with a focus on the principles of risk management, risk identification and the most common risk strategies available to school boards to help reduce injuries and law suits.

Legal liability for school activities will be reviewed in detail.

Math Journals: From Math Talk to the Home-School Connection for Grades 1 to 6 - AM

1/2 DAY INSTITUTE - DDSB \$40.00 / PUBLIC \$50.00
Time: 8:30 am - 11:00 am

This workshop will focus on framing the use of problem solving in math from the development of a positive learning environment, to the use of effective math talk, to math journal writing and finally to the use of a Home-Math Journal to involve parents in their child's mathematical learning.

The workshop will also give examples of how teachers can use descriptive feedback, and evaluation tools to assess student learning.

Own Your Words: Creative Writing for Teachers - FULL DAY

1 DAY INSTITUTE - DDSB \$75.00 / PUBLIC \$100.00
Time: 8:30 am - 2:00 pm

Guest Instructor: Ruth Walker. Ruth is an award-winning author and poet, and professional editor.

Learn how to inspire creativity in the classroom when you learn how to let go of your internal editor. A one-day immersive workshop for educators focuses on creative writing techniques. This practical, hands-on session will explore a range of approaches and exercises designed to engage the creative core of participants.

Participants will discover:

- the power of the five senses
- why less really is more
- the value of show versus tell

Exercises and activities are designed to be adapted for teaching all kinds of writing: poetry, lyrics, drama, fiction and creative non-fiction. Experience the freedom of freewriting and practise approaches to offering feedback that enables and encourages students.

Group discussions will include practical considerations (diversity and mental health) and creating a safe space for taking risks.

Participants will leave the workshop with their own works in progress as well as material and ideas to bring into intermediate and secondary school classrooms.

Planning a Flexible Framework for Intermediate Mathematics - FULL DAY

1 DAY INSTITUTE - DDSB / PUBLIC - NO CHARGE

Time: 8:30 am - 2:00 pm

Are you a new teacher, looking for resources for teaching grade 7 or 8 mathematics for the first time?

Are you an experienced teacher, looking for a firm yet flexible framework that will help you weave together your favourite math activities?

Are you looking for a workshop that will let you start the year with a solid global plan for what and how you are going to teach this year?

In this workshop, we will explore a variant of the resource, "Continuum and Connections", which provides this framework.

Then, we will explore a number of extremely practical resources that help populate this framework, including Number Talks, 3-Act Mathematics, Desmos and Exit Tickets.

Participants will leave with electronic access to all of these resources.

Preparing for STEM (Science, Technology, Engineering and Mathematics) Teaching and Learning! Let's Explore! - FULL DAY

1 DAY INSTITUTE - DDSB \$75.00 / PUBLIC \$100.00

Time: 8:30 am - 2:00 pm

* Additional \$10.00 fee, payable to the Instructor, in cash, on the day of the in-service (this fee is payable even if for unforeseen circumstances you are unable to attend).

* The fee will cover the cost of consumable materials that will be required for the activities that the session will involve. The workshops will have active learning opportunities through STEM lesson examples.

Science, Technology, Engineering and Mathematics (STEM) Education provides opportunities for learning through authentic real world problems in an interdisciplinary approach to exploration.

Teachers will have an opportunity to explore a few examples of STEM based learning programs and will be provided with a structured day of discussion and planning for their own classrooms.

Come explore inquiry through STEM!

Presenting You: Resume Writing and Cover Letters - AM

1/2 DAY AM INSTITUTE - DDSB \$40.00 / PUBLIC \$50.00

Time: 8:30 am – 11:00 am

Guest Instructor: Ruth Walker. Ruth is a Communications/Marketing Specialist and Human Resources generalist.

Students need to make their applications for summer and part-time work stand out. And employers want to hire staff as easily and confidently as possible.

Participants will learn how to teach their students tips and techniques for

- customizing resumes and tailoring content
- keeping the page clean and easy to read
- adding touches of personality that enhance resumes and cover letters
- avoiding mistakes that pull resumes/cover letters out of consideration

A PowerPoint presentation is provided to all participants to adapt for the classroom and student needs.

SafeTALK - AM

1/2 DAY AM INSTITUTE - DDSB EMPLOYEES ONLY - NO CHARGE
Time: 8:30 am - 11:30 am ** Please note finish time. **

safeTALK is a half-day alertness training that prepares anyone over the age of 15, regardless of prior experience or training, to become a suicide-alert helper. Most people with thoughts of suicide don't truly want to die, but are struggling with the pain in their lives. Through their words and actions, they invite help to stay alive.

safeTALK trained helpers can recognize these invitations and take action by connecting them with life-saving intervention resources, such as caregivers trained in ASIST.

In this training, you can expect to feel challenged, empowered, and hopeful. Your safeTALK trainer will demonstrate the importance of suicide alertness and help you identify ways people invite help when they're at risk. safeTALK's steps provide a simple yet effective method to engage with people at risk and connect them with resources that can carry out a full-scale intervention. At the end of the training, you'll have a chance to practice these skills firsthand. All in all, you can expect to leave safeTALK with practical knowledge of how to identify someone at risk and link them to resources for intervention. This training would support any DDSB staff in recognizing risk factors for suicide and learning how to be a supportive connection to one of our ASIST (Applied Suicide Intervention Skills Training) trained staff.

Self-Regulation - Whole Classroom and Whole School Approaches - FULL DAY

1 DAY INSTITUTE - DDSB EMPLOYEES ONLY - NO CHARGE
Time: 8:30 am - 2:00 pm

Self-Regulation includes an awareness of what stresses us, how it impacts us and the ability to develop ways to manage it to be calm, alert, and willing to learn. Behaviour can be viewed as a reaction to stressors which occur in one of five domains rather than a behaviour choice.

Strengthening understanding and awareness of how we can help students (and ourselves) learn about responses to stressors and develop strategies for proactive intervention will be a focus of this interactive workshop.

This workshop will provide classroom-based strategies and whole-school approaches to self-regulation and will build on the work of Dr. Stuart Shanker.

SERT Role - Best Practices & Interventions - FULL DAY

1 DAY INSTITUTE - DDSB \$75.00 / PUBLIC \$100.00
Time: 8:30 am - 2:00 pm

Are you interested in learning more about how you can build capacity with your staff around special education processes, interventions and strategies? This session will focus on some of the best practices that currently exist within the SERT role.

Participants will get an opportunity to talk about intervention strategies, transition planning, allocation of resources, programming and other topics (chosen by participants) that currently exist and how to incorporate them into your role.

Tips and tricks will also be provided on how to digitalize all of your SERT files.

This session is suitable for new and existing SERT's.

Student Voice - AM

1/2 DAY AM INSTITUTE - DDSB / PUBLIC - NO CHARGE
Time: AM 8:30 am - 11:00 am

The mobility of tools and Apps for learning, literacy and publication has soared globally in the past five years with the increased use of tablets and smartphones. These digital platforms provide students innovative means to connect to subject matter and demonstrate knowledge - and their voice - in exciting relevant ways.

Here's what you'll experience:

Discover powerful content-creation tools that provide students with deeper, more meaningful ways to apply their learning.

You will witness what it's like to be a student in elementary and secondary literacy classrooms through innovative, hands-on activities. With iPad and Apps, build and deliver engaging literacy experiences where students are being curious, collaborative, creative, challenged and authentic publishers.

You will work with an Apple Education Development Executive who began his teaching career in Ontario. Before joining Apple's Education team, he taught elementary, secondary and outdoor education. He has been coordinator of academic technology, school administrator and Director of IT.

His educational career has allowed him to live/work and consult around the globe.

Supporting Students with Down Syndrome - PM

1/2 DAY PM INSTITUTE - DDSB - \$40.00 / PUBLIC \$50.00
Time: PM 11:30 am - 2:00 pm

There are many factors that can influence the educational success of a student with Down Syndrome. As the Canadian Down Syndrome Society argues, "Attitude is the most critical factor related to the success of a student with Down Syndrome. If you think a student will succeed, he or she will. When a student is treated like a valued learner, he or she learns" (CDSS, 2012). As such, it makes sense that knowledge and awareness is the critical starting point for educators to foster a positive, confident, and informed attitude about working with students with Down Syndrome.

This workshop is an investment that promises to pay important dividends for the inclusive education of students with Down Syndrome, their relationships with classmates, and the school community of which they are a part.

The important factors that will be addressed include teaching strategies, the establishment of routines, the management of challenging behaviours, the use of advanced technology, and transition planning.

Durham District School Board Summer Learning Institutes 2016 August 15 - 25, 2016

Using Google Earth for Inquiry Lessons for Math + How to Make A Virtual Choose Your Own Adventure Book (TLP ILP) - PM

1/2 DAY PM INSTITUTE - DDSB \$40.00 / PUBLIC \$50.00
Time: PM 11:30 am - 2:00 pm

* Please bring your laptop with you to the session.

Invite your students to open Google Earth and fasten their seatbelts, as we explore the world to learn math. Try using the Leaning Tower of Pisa to measure angles, or use the world's skyscrapers to learn polygons. Use the hype of this summer's Euro Cup and have students explore lines of symmetry using the soccer stadiums in France.

In the second half, you'll learn how to make a virtual choose your own adventure book for a fun narrative writing project.

We'll start with a simple 8 slide book but I'll show you a 75 slide book that four grade 5 boys made in a week.

Handouts will be provided.

Using Simple Games to Enrich and Support Numeracy and Logic Skills - PM

1/2 DAY PM INSTITUTE - DDSB \$40.00 / PUBLIC \$50.00
Time: PM 11:30 am - 2:00 pm

Learn how to use a variety of simple games and puzzles to enrich different aspects of the curriculum. Great for introducing new concepts or challenging students with optimization and open ended problems.

Many of the activities make great exit tickets that students will want to "play" again.

Using Skype and Twitter to Bring the World Into Your Classroom + 3 Sites for Your Tech Lootbag (TPI2 ILP) - AM

1/2 DAY AM INSTITUTE - DDSB \$40.00 / PUBLIC \$50.00
Time: AM 8:30 am - 11:00 am

* Please bring your laptop with you to the session.

Having used Skype over 30 times in my own classroom to connect with authors, experts, and students, in Brazil, France, South Africa, and England, I'll walk you through how to navigate the Skype Edu website, and even how to set up the audio and make the call using our own ILP laptops.

Then we'll explore how using Twitter, Linoit, Padlet, and Poll Everywhere can boost the classroom engagement for students as young as Grade 2.

Soon, your students will be 'hashtagging' their homework, like mine do!

Handouts will be provided.

Using Small and Big Data to Improve Student Achievement - PM

1/2 DAY PM INSTITUTE - DDSB \$40.00 / PUBLIC \$50.00
Time: PM 11:30 am - 2:00 pm

From a post-modern/structural view, all data is interpreted through our own identity and experiences.

Yet big data (metric, quantitative), although incredibly useful, does not take into account perceptions of students with much depth, thereby limiting root cause analysis. This workshop will provide a more in depth understanding of how to collect perceptual data, and then use it to triangular the effectiveness of strategies being implemented in schools and classrooms.

From there staff can effectively respond to those root causes.
